Subject: Financial assistance to students with disability.

Dear Sir/Madam:

We write this letter in connection with rendering financial assistance to students with disability at colleges to enable them to pursue their education. We repeatedly get appeals from needy students for financial support. We are deeply concerned about the issue and are trying to find ways to provide such assistance to all students in this category. We have already written to the Vice Chancellor requesting for full or partial fee concessions. But this process, as you may understand, takes time. Meanwhile, we need to explore other avenues to provide immediate help to persons with disability. We feel that the College Staff Councils and Governing Bodies can consider subsidizing education in the case of very deserving students. Both, the tuition fee and the hostel room expenditure, wherever they are occupied, can be exempted, if the Governing Body of the College takes a compassionate view. We, therefore, suggest that these issues may be taken up at the forthcoming meetings of the College Staff Councils and Governing Bodies. We also suggest that close networks be created between the NSS and the Equal Opportunity Cell unit at your college. Please do let us know if we at the EOC, DU can be of any help.

We should work on all our resources simultaneously to achieve the best we can.

Thank you.

Yours sincerely
